## Reopening of School

Dear Parents,

This is to notify to keep you apprised of our plans to reopen the school under Unlock 4 from 5th October, 2020 (Monday) onwards only for senior students. Abiding by the guidelines of MHRD Govt. of India and SOP of Govt. of Bihar in this regards only students of class 9-12 will be allowed to come to school roster wise for taking teachers' guidance only after written consent from their parents or guardians.

As per the guidelines, only 33% students can be allowed each day. For the same, the school will make Day Wise Roster of students and let you know as it depends upon Parents Consent to send their wards to attend doubt clearing classes. However, Online classes will be continued as usual for all other classes including rest of the students of classes 9 - 12.

Though the school management is taking all sorts of precautionary measures and making arrangement of hand sanitizer, liquid hand wash, (face mask / hand gloves for emergency) thermal scanning as well as fogging and sanitizing school building regularly as detailed in the SOP issued by Govt of Bihar and the guidelines of MHRD Govt of India to protect the students from COVID-19. Even then you need to give your consent to send your ward at your own risk. It would be mandatory for all students to wear Face Mask, washing hands with soap at regular intervals, using wash room safely and maintaining physical and social distancing to check the spread of COVID-19. We solicit your Consent if you willingly agree to the proposal otherwise Deny.
